Experience

Hi, my name is Brenda and I live with my partner Ross, son Kyle and daughters Zoe and Holly.

I have been doing Home Based childcare for many years so I have a lot of experience! I take my care children out on learning excursions in the mornings, an example of this may be playgroup or Mainly Music.

Home Environment

At home, I offer an environment full of fun and learning. I also provide a lot of resources for self-directed play and I aim to have my care children reading and writing before they transition to school.

Childcare Philosophy

I work with each child on their own individual levels and needs and love how they all become a part of our family! My home is a warm and safe environment where the children not only learn from me but from each other.

I look forward to the opportunity to meet with you and discuss Home Based care with Kids at Home!
