Experience

Carly is a Mother of one toddler and is also a fully qualified and registered ECE teacher.
Carly has 12 years experience working in ECE centres, home based care and disability support roles.

Home Environment

Carly lives in a rural setting, surrounded by farm animals, with plenty of space for going on farm walks.
The property has a large backyard with a well equipped playground and sandpit, children love to explore in this space.
Carly provides a range of activities, including messy play, expression through the arts, gross motor development with the playground and a variety of resources to support imaginative play.

Childcare Philosophy

Carly's practice is based on nurturing the child’s needs and their unique approach to learning. By collaborating with whanau, she forms a picture of the ‘whole child’ which then informs how she is best able to support their learning journey.

Community Involvement

When appropriate, Carly gets our and about in the local community and creating links with those around her.
