Experience

As a qualified teacher, I have over 20 years experience teaching children within ECE and Primary, as well as having 2 primary school aged children of my own.

Home Environment

I offer a home environment that is Montessori inspired. It is set up and resourced to support a range of activities. There is a dedicated classroom area plus large fenced in outdoor space for children to enjoy. An example of the resources the children can choose from include family play areas, puzzles, building, fine motor skills, outdoor equipment, music and art resources.

Childcare Philosophy

My philosophy is based on Montessori. I provide a safe and engaging environment where child can learn through play, are recognised as valuable members of society and can grow and learn at their own pace. I value nature, independence, and have a strong understanding of a child's brain development and nervous system.

Community Involvement

As a group we like to head out and experience what's going on for children in the local area such as Mini muscles, trips to local playgrounds, library, trampolines, and magical music.
