Experience

I started working as a Home Based Educator in 2014 after many years in the work force doing a variety of jobs
I worked for 10 years as 2ic in a bakery and 18 years in butchery, but before all that I was a nanny for 3 years and thought one day I'd come back to it.
So here I am.
I have 2 adult sons, 2 young grandchildren and 2 step grand children.

Home Environment

As I have a good sized back yard, on a nice day we spend time outside. We enjoy;
* Riding bikes
* Kicking balls
* Drawing with chalk
* Waterplay

Childcare Philosophy

My philosophy is hat I believe that you should teach from the heart. I try to ensure this by enjoying every aspect of playing, learning, teaching and growing alongside children. I also value the importance of interaction and building relationships with children and their families, my Visiting Teacher and other Educators.

Community Involvement

Most weeks we venture out to either a playgroup, a mainly music session, catchup with other educators for playdates and coffee group with both small and large settings to help build friendship within the wider community. We also visit the library and when weather permits, local parks.
I try to offer different activities each week for the benefit of the children.
