Experience

Being very safety conscious, Kajal ensures that her environment is maintained to a high standard. The home is located with easy access from Paraparaumu Highway, so very convenient for our local Kapiti families.

Home Environment

Kajal offers a safe, peaceful, warm home environment to children where they can learn and enjoy simultaneously. Kajal loves to spend time with children of all ages, encouraging and providing Teaching and learning i.e. reading books, toys, blocks and many indoor and outdoor fun activities.
