Experience

I have been teaching for 9+ years and have my degree in Primary Education. I have worked most of that time in the junior school including New Entrants. I have 2 children, Addisyn, who attends Rakaia School and Archer who is a very social young lad. We love to welcome new friends here at Starting Wright Home Based Childcare.

Home Environment

Our space has:

* Big back yard with a playground
* Mud kitchen
* Water play stations
* Loads of fun outdoor equipment to climb and explore
* Puzzles galore
* Art and craft supplies
* Musical equipment

There's plenty of activities to enjoy for a wide range of ages and interests.

Childcare Philosophy

I believe each child is unique and therefore should be catered to their individual needs and interests. With the small number in our Home Based setting, I am able to cater to each child's needs and help support each child to reach their individual goals.

Having a safe and welcoming environment where students

can feel free to be themselves and feel safe to take risks in their learning and development is important.
Giving children the opportunity to grow and learn through play is a key objective in my care environment.
Whether you are looking for someone to support your child in the last year before they start school or are wanting your child to have a home away from home while they are reaching those key milestones in their early years while you head back to work, feel free to come and check us out to see if this is the right place for you and your family.

Community Involvement

Out and about we enjoy:

* Music and movement groups
* Gymnastics sessions
* Playgroups
* Walks to local parks
* Trips to the library

Depending on children's interests, we continually add to our list of activities.
