Experience

Montana is Mum to one and has experience in caring for young children dating back from 2014. Being a Mum and watching her daughter grow and develop inspires Montana to share her passion with other local families. Montana holds the NZ Certificate in ECE - Level 4.

Home Environment

Montana's cozy home offers a nice indoor outdoor flow, in a quiet and safe community. Being close to playgrounds for children to explore, Montana features these in her programme, allowing children freedom to exercise those large group muscles in a safe way. Back home, there are two adorable cats who love to play and a well resourced environment which Montana is always on the lookout to add to.

Childcare Philosophy

Being passionate about providing a calm and nurturing environment, Montana believes children learn best through play and experiencing things for themselves in a happy and unhurried space.

Community Involvement

Moving our bodies is important so walks to local playgrounds feature in Montana's regular outings. There are playgroups and other outings that Montana attends with our HGK

family. At home there are opportunities for quiet story times, puzzle play, block building, outside messy and water play, creative art activities and so much more! There's loads of fun and learning taking place.
