## Experience

---

I have over 5 years experience in caring for young children. 2 years of this has been as a volunteer, working with children with diverse learning needs.

I enjoy spending time with my friends and my family. In my downtime, some of my favourite things to do are watching a good movie, spending time outdoors gardening and researching history.

## Childcare Philosophy

---

I love to see children's personality develop as they grow and learn. I really also enjoy helping children explore their environment in a safe and fun way.
