Experience

Hi, I'm Renee and I am passionate about Home Based education and have been an Educator for 10 years now. It is just myself and my youngest daughter Emily (14yrs) at home, which is handy to the hospital. I also have an 19 year old daughter who is out flatting.

Home Environment

I live in a lovely done up old 3 bedroom wooden villa with a generous sized backyard. I have a small play room in the main living area and have a larger sleep/playroom available as well.

I have a large amount of resources/toys for all ages group's and my environment is set up with the children's ages/ interests in mind. Having just moved to my area earlier in 2026, I am in the process of setting up a outdoor play environment which will include a play house, sand pit and more.

Childcare Philosophy

My philosophy is to provide a safe and warm consistent environment that is rich in child led play-based learning and where the child is at the heart of every decision.

Community Involvement

We head out most mornings to places like the library, playgroup, drop in gym, transport world as well as the local

parks.
