Experience

Hi my name is Robyn, I am married with three amazing children. I have a Level 4 certificate in Early Childhood Education and have a great passion for early childhood care. I enjoy reading and arts and crafts both of which I love to share with children. I believe reading is the gateway to knowledge and imagination!

Home Environment

I have a great dedicated space to give children the opportunity to grow and learn, through both play-based and structured activities.
I look forward to the opportunity to meet with you and discuss home-based care with Kids at Home!

Childcare Philosophy

I believe young children should be given the freedom to follow their interests in a safe and nurturing environment. I aim to encourage and nurture the natural curiosity and joy that young children have for the world around them and help them turn this into a love of learning.
My qualifications include:

* First Aid Certificate
* NZ Certificate in ECE - Level 4
* Child Protection Certificate

Community Involvement

We enjoy walks and outings to the local parks, libraries, playgroups and Mainly Music.

Testimonials

> Peach absolutely loved her time with her carer, Robyn. They went on nature walks and created lots of painting. It was a safe and supported environment to learn things like turn taking and playing with other kids. I highly recommend this style of childcare.
