Experience

'I believe that every play moment has the potential of being a learning experience'.

I'm Tracy and I have been a Home-based Educator since 2001, when my son was 2 years old. I consider myself to be a calm, nurturing and patient person, but also can release the inner child within, to create noise and silliness.

I live on Whatawhata road in Dinsdale, yes, it's a busy road but I'm fortunate to be on a service road alongside Whatawhata road. This means getting in and out of my driveway is easier than you might think.

Home Environment

I provide a safe, secure and stable environment where children can learn with and alongside others while discovering new information, developing communication, learning independence and nurturing some social skills.

Childcare Philosophy

I value what children have to say, so they can contribute to their own learning and together we can create an interesting and fun environment for all. Every month there are goals and learning outcomes that are documented on Storypark. These are individual stories for each child and they are based on what a child is interested in at the time and what milestones they are achieving.

If you would like to meet me and discuss your childcare needs, please contact the office to see if I have a space available. My service is open from 7am to 5.30, Monday to Friday.

Community Involvement

We have music/movement sessions every day and have opportunities to attend play and gym groups (at no cost to parents), also getting out to playgrounds and going on walks in the community. I have many playthings and resources to keep minds and bodies busy and challenged.

Testimonials

Tracy is the most amazing carer! Having to leave my first baby girl to return to work, knowing she was with Tracy was definitely peace of mind! Can't wait for her to care for my second baby girl!

— *M Jardine*

Tracy is amazing. Both of my boys have been with her over the last 4 years. They have had such an wonderful time, involved in weekly groups, exciting activities and outings, arts and craft and learning essential pre-school skills. Highly recommend -

— *S.Sayers*

Tracy is a caring, generous and selfless individual who puts children and their families needs first. She has a great rapport with babies and toddlers and a huge backyard with awesome toys for them to play in. Tracy knows how to have fun with the kids while also incorporating education activities. My 2 kids are always happy to go to Tracy's and always excited to tell me

about the things they have done there!
