Experience

Kia ora, my name is Zelphia and I have been an early childhood educator for the past 12 years in New Zealand. I have worked for four years in ECE settings and Home Based childcare for the past eight years. I feel privileged to be working with Home Grown Kids as a Home Based Educator.

Home Environment

I provide a safe, well resourced and secure home environment. I have a range of age appropriate activities for children who attend. I have a particular interest and still in working with young babies.

Childcare Philosophy

I am passionate about providing quality early childhood care and education to our community, that provides a solid foundation on which they can learn and grow to their full potential. I am particularly experienced with young babies, and I will work with you to ensure that the transition from your home to my home is a smooth one, with minimal stress and disruption to your little one.
